The Business Way!

The business way to advertise is to take space by the year, take pains with your advertisements in making them attractive, and change them at least as often as once a month.

You may think there are seasons when you don't need to advertise.

We have never seen that time.

Use the dull seasons for looking over your stock and running off that which is becoming out of style or unfashionable, and giving bargains.

If you have space by the year, it costs you no more, and you can make it profitable by converting unsalable goods into money, and reinvesting the money in those things which are salable.

Where is That Banner Now?
Greenwald (Ind.) writes: "During the last campaign the Democrats of this city displayed a banner in their processions bearing this inscription:

VOTE FOR GROVER CLEVELAND
AND
AT 25 CENTS
FOR THE NEXT
YEAR."

A liberal reward will be paid for that banner at this office, and no questions asked.

SENATOR MITCHELL is one of the ablest silver men in the Senate, and he thinks the prospect of tariff tinkering has done more to create distrust than anything else.

Last fall the Democrats denounced Republicans for all the ill of the body politic now they are beseeching those same Republicans to help them out of the trouble into which they have gotten the country.

The Idle Free-traders, says The New York Press, who are suggesting that American mills are shutting down for political effect should seize the opportunity to jump in and make money manufacturing goods on the British Free-trade plan.

ALBION State Treasurer HALE will not accept checks on the various banks throughout the state in payment of taxes, etc. He continues to let the commonwealth's creditors with checks drawn on the Farmers' Bank of Frankfort. Mr. HALE should be consistent. The Farmers' Bank may be all right. We are not questioning that. But if Mr. HALE insists that the vaults of banks where Sheriff Charles, etc. have deposits, be drained of cash to meet his demands, he should be gracious enough when it comes his turn to pay back in the same coin. It looks very much as though the Frankfort machine were trying to get all the cash possible within its clutches.

IT IS
NOW A MUST!

We must close out our summer stock of Clothing, Hats, &c. We are aware that owing to the— in money matters extraordinary inducements will have to be held out to secure that we mostly need now, viz., CASH. This commodity is what we need, and need it badly. Good people, if you have any bi-metallic or any other kind of money that you want to trade for Clothing,

And You Know
What Kind of CLOTHING We Sell!

now is your time. We are going through the entire stock to reduce the price on everything in it, and commencing next Saturday morning, the 12th, and continuing until the 28th of August, we will show you how cheap goods can be bought when money is needed as bad as it is now.

BRUTAL MURDER.

A Little Girl Waylaid and Murdered by a Farm Hand, Who Confesses—Prospects of a Lynching.

JULY, Aug. 10.—One of the most heinous and outrageous acts recorded in the history of Wisconsin was that committed on little Nellie Eylon, the thirteen-year old daughter of a Wesley township farmer, Sunday evening about 8:30 o'clock.

Sunday morning Nellie went to visit her aunt, Mrs. Umstead, one and a half miles from her home. She did not return Sunday evening, and it was supposed she remained with her aunt. Upon going to her aunt's Monday it was found that the child had left for home Sunday evening. Search was immediately begun, and Tuesday noon the girl was found concealed in a growth of hawl brush, her body showing evidence of an assault.

Sheriff Heneberry and State's Attorney Atkins went to the place Wednesday and arrested Ernest Lacro, a farm hand, aged 31 years, working in the harvest field of James Clark. To the state's attorney he confessed everything, saying that he murdered the child Sunday evening about 8:30 o'clock by breaking her neck between his hands.

The sheriff had to amuggle the man to Wilmington to keep him from lynching. He was brought to Joliet Wednesday afternoon, and it is now reported that fully 1,000 men are coming here to kill him.

A BIG HAUL.

A Chicago Railway Company Robbed of \$15,000 Worth of Tickets Between New York and Chicago.

CHICAGO, Aug. 10.—It is asserted by men in position to know that the West Chicago Street Railway Co. has lost at least \$15,000 worth of eleven-for-a-half-dollar tickets somewhere between the Homer Lee printing house, in New York, and the Chicago office of the street car corporation. It is said further that the stealing has been going on for a long time by clique or ring which takes in a number of railroad men in the east and some of the employees of the ticket printing establishment, and that the ring planned to make a systematic haul from each box of tickets shipped to Chicago. Furthermore, it is reported that three well-known business men of this city have surrendered \$10,000 worth of the stolen tickets to avoid prosecution. The company, it is said, is content to recover its property and let the guilty escape.

Death Sentence Commuted.

WASHINGTON, Aug. 10.—Two Indians named Koolie and Henry Manyenny, sentenced to be hanged in Wisconsin on August 25 for murder, have had their sentences commuted to life imprisonment by President Cleveland. The Indians were convicted last fall of the murder of a man named Koolie, and sentenced to death under the laws of the United States. Capital punishment has been abolished in Wisconsin, however, and the president is much opposed to the infliction, and for these reasons the lives of the two men are spared.

CHOLERA EPIDEMIC AT NAPLES DECREASING.

ROME, Aug. 10.—The cholera epidemic in Naples is on the decrease, only seven deaths having been registered between 12 o'clock Tuesday and 12 Wednesday. The reports of public health authorities, however, are not so optimistic as much opposed to the infliction, and for these reasons the lives of the two men are spared.

AN AGREEMENT.

Free Coinage Men Will Vote for the Repeal of the Sherman Act Providing Something is Given in Return.

They Demand Silver Upon Such a Rate as Will Maintain the Parity With Gold—This Was Agreed to at Their Caucus Wednesday.

WASHINGTON, Aug. 10.—In the house and of the capitol, the free silver men held a caucus. Many members who are against unconditional repeal, but who do not favor unlimited coinage at the present ratio, did not attend.

The effort to push the silver question to an early decision and the uncompromising terms of the proposition presented have stimulated the "gold bugs" as the silver men call them, to enter upon new fields to conquer. Although the gold reserves have been returned to the one hundred-million mark, and there is a comfortable surplus over that sum, the demand for an issue of bonds has broken out again in several places.

At the close of the caucus it was officially announced that the following resolution, offered by Mr. Boatner, of Louisiana, had been adopted by a unanimous vote:

Resolved, That we will support a bill repealing the purchasing clause of the Sherman act, and concurrently providing for the free and untrammelled coinage of silver with full legal-tender quality on such a ratio as will provide and maintain the parity between gold and silver.

Be it further resolved, That a committee of seven be appointed by the chairman of this conference to draft and introduce such a bill and take proper steps to secure the free and full discussion and consideration thereof, and a vote of the house upon the bill and all proper amendments.

The committee provided for in the foregoing resolution was composed as follows: Messrs. Bland, Sibley, Boatner, Lane, Bashard, Bryan and Hays. By a vote of the caucus Judge Culberson was added to the committee.

When the caucus met it was estimated that there were about forty members of the house in the hall, but during the session about 100 members were admitted. Estimates of the number in attendance ranged from sixty to 100—the clerk of the caucus fixing the number at ninety-three and Mr. Bland saying he counted over 100.

Judge Culberson, of Texas, was elected chairman of the caucus, and Representative Sibley, of Pennsylvania, the only democrat present from the eastern states, secretary. The only republican present was Representative Hays, of California. The populists were represented by Jerry Simpson and Mr. Kern, of Nebraska.

MONEY RATES ADVANCED.

Call Money at New York is 12 Per Cent and Longer Time 10 Per Cent.

NEW YORK, Aug. 9.—Wall street received a surprise Wednesday morning in the shape of an announcement from the great banks of the city that they unanimously decided to increase the rates on call loans of reserve date to 12 per cent per annum, and on those of long standing to 10 per cent.

Their reason for this, they say, is that so many persons have been borrowing on them that they are compelled to do this in self-protection.

There was renewed depression at the stock exchange after the opening of business. The closing up of the Madison Square bank, the failure of H. L. Hotchkins, and rumors of further troubles among brokerage concerns, all tended to depress the list. There was no particular activity, however, and few signs of any general liquidation. When the selling ceased a rally at 1/4 to 1 per cent took place.

Crisp Forming Committees.

WASHINGTON, Aug. 10.—Speaker Crisp did not go to the capitol Wednesday, but remained at his hotel during the day to the consideration of the formation of the committee. He said when asked about the probabilities in this connection, that he saw no reason for changing or modifying the opinion he had expressed when he first came to Washington, viz. that two or three weeks must elapse before the full list would be announced.

The Curtis Trial.

SAN FRANCISCO, Cal., Aug. 10.—In the M. R. Curtis murder trial Wednesday the chief witness for the prosecution failed to recognize Curtis, and he made a poor showing generally. The defense will claim that an unknown man shot Policeman Curtis, and that while Curtis was being taken into custody.

HE COMMITTED SUICIDE!

The Cause and its Lesson.

Why did he commit suicide? Oh! for these reasons that thousands of others are on the verge of the same sin, or in immediate danger of insanity, paralysis, idiocy, or some other equally unfortunate result of any nervous affection. He knew he was afflicted with a nervous disorder, but was careless, apparently indifferent to the outcome, or he may have lessened his chances for recovery by treating with physicians who had little or no knowledge of such affections, or by deluging himself with worthless so-called remedies. His case was a sad one, but no worse than that of any other nervous sufferer who has nervous or diseased, biliousness, dizziness, irritability, melancholy, falling memory, no flashes, fading pleasures, nervous depression, sexual debility, epilepsy, etc. The same or similar consequences are likely to result to any one who has any of these advance symptoms of a nervous disease. Do not hesitate in getting rid of them by intelligent treatment. Dr. Franklin Miles, the celebrated specialist, has studied nervous diseases over 20 years, and has discovered the only reliable remedy for them. Thousands of voluntary testimonials prove the virtues of Dr. Miles' Restorative Nervine.

Dr. Miles' Restorative Nervine is sold by all druggists, or by mail direct from Dr. Miles Medical Co., Elkhart, Ind., on receipt of the price in full. It is sold by express prepaid. It is positively free from opium or any other dangerous drug, and is guaranteed to cure. Free book at druggists, or by mail.
